

"Party Lines becoming Extinct."

This hue and cry about "party lines" having become extinct, is well hit off by the *Free Press*. No marvel that old Federal Whiggy should call upon the rocks and the mountains to fall down and bury the record of its name and multifarious transgressions. They are hankering after a new dog, and they never yet obtained power except under false pretences, and the great obstacle in the way of the success of their present intrigue, is that the people are so well instructed in reference to all their subterfuges, that no new names in the vocabulary which they may adopt will protect them from being identified.—*States*.

"Old party lines are extinct," say our Abolition and Whig friends, in their attempt to get up a conglomerated mass of all party lines, lies and fictions. What old party lines are extinct? Are the lines of the old Democratic party extinct, when nearly every State in the Union is under the control of the Democratic party, together with our National Government? The lines of the old Democratic party extinct, when every measure which that party has ever advocated, every principle by which she has fought, been finally established? No! This is no time for the Democratic party to waver, to wipe out the lines, to abandon the principles for which we have so long fought. We hear of no Democratic exclaiming that "old party lines are extinct." It all comes from the old ancient enemy of Democratic principles and measures. The "old Whig party lines are extinct," and why? Because the people have made them so by the total defeat of that party in almost every one of their strongholds in the nation. The lines of that party have become extinct when the hopes of the office-seekers for place and power become extinct. The party lines of that party become extinct when they see no other hope of success but the hope of deceiving some Democrats by the cry of no party. When the leaders of the Whig and Abolition parties struck a bargain and determined to undo and divide the spoils—when the fusion for the sake of the spoil was determined upon—then it was that the cry of "party lines" being "extinct" was raised. Is there a Democrat in the land who is any less a Democrat now than he was years ago? Is there a Whig who is any less an old fashioned Whig than he was when he followed the lead of a Clay and a Webster? Is there an Abolitionist who is now less an Abolitionist than he was in days of yore? If not, then whence comes this cry of no partyism? With the Whigs and Abolitionists, it is expediency for the present, and hopes for the future.—No matter how it is done, so that the Democratic alliance and broken up.—Neither of these factions have any thing to lose, even if they fail in their purpose.—They are both so hopeless in the minority that they have no chance of success.

Freemen in Kansas.

We find in the *Columbian*, of Cincinnati, the following letter from Mr. S. N. Wood, a Freeholder of the right stamp, who has emigrated to Kansas. He writes from Independence, Mo., on the 27th ult: "We arrived here about a week ago, for the purpose of settling in Kansas, and contributing our mite to prevent slavery from cursing the fairest part of creation. We have made one short trip over the Indian Country, and satisfied ourselves that a man can get almost just such a home as he pleases. I never saw richer land in my life; and it appears inexhaustible. We saw among the Shawnee Indians some of the best farms we ever saw in our lives. The only drawback is this slavery question. Miscellaneous have already flocked to this Territory by hundreds; many slaves are already in the Territory. Even at the Methodist Mission they are hankering the black in order to Christianize the red man. A few missionaries thought in the start that they would regulate the settlement of this whole Territory. Northern men were ordered off; lynching was freely talked of, even by U. S. officers at Fort Leavenworth, merely because they happened to be born north of Mason and Dixon's line. Some northern men were actually driven off; others were frightened away. All manner of lies were told, and misrepresentations made, in order to keep them from coming here. But now the charm is broken. A dozen families of Freeholders drove ahead, and have commenced a settlement on the Kansas River. A meeting was called on July 8th, of those emigrants from Iowa, Illinois and Indiana are arriving daily. To-day will not pass until the cabins of at least two hundred opponents of slavery will be in progress of construction. A few more and we shall be invincible. All we want is for every northern man—every northern family, who have their minds on this Territory, to come on at once. This slavery question must be met and decided now. Let slavery once get a foothold and she will be hard to root, while a proper demonstration now will scare all the slaveholders out of the Territory, and prevent more slavery from being brought here. Let me, therefore, say to one and all, who ever design coming here, to come at once; no time is to be lost; you will find every assistance to get good claims rendered to you that is possible."—[New York Tribune.]

Gertritt Smith, the Abolitionist, in favor of Cuba.

It is a noticeable fact, that Gertritt Smith, the most able Abolitionist in Congress, boldly avowed himself in favor of the acquisition of Cuba, even with slavery remaining in the law of that land after its change of Government. He sustained himself in so doing by a powerful argument, to show, first, that negro slavery, under this Government, inflicted less evils upon the slaves than that of Spain; and that it was the duty of the truly philanthropic to go for that which ameliorated the condition of the oppressed.

Smelling a Rat.

Quite a number of Democrats, in several sections of the State, who were wheedled into the union movement for a Whig and Abolition wedding at Columbus on the 13th, are coming out in public cards denouncing the trick that has been played upon them, and repudiating all connection with such a scheme in the *Democrat*, of Perryburgh, we have cards of this character, signed by some dozen gentlemen, who say the fusionists of that town, by concealing and misrepresenting the true objects of the meeting presided upon them to identify themselves with it. They have since "smelt a rat" and desire not to be guests when Whigism Abolitionism unite the bans.—*Cin. Eng.*

Take Notice.

A L. person indebted to me, by note or Book account, is requested to call immediately and settle the same; if not attended to they will be found in the hands of the proper officer for collection. *Edw. Allen*. The Book accounts and Notes of A. H. Burtch, have been assigned to me, and will be collected without delay. *K. J. BENNETT.* Cadiz, Aug 7-54

"Voice of the Whig Press—Public Opinion in Ohio."

The Logan County Gazette, which has for the last nine years been a faithful organ of the Whigs of old Logan, is evidently "disgusted" at the late abortive effort at fusion. It does not appear to swallow the dose commended to its lips. The nominees of the Coalition are favorably referred to, but it omits their names at the head of its editorial columns. Of the platform, the editor says:

"As to the resolutions. They don't amount to much. Whig and Democratic Conventions have heretofore, in various places, adopted resolutions quite as strong. The less said the better, and in this respect we approve these resolutions. We don't see very well how less could have been said. One resolution, however, pledges the Convention by indirection against the acquisition of Cuba. This is, so to say, the least—Cuba must come, slavery or no slavery. It must never pass from the hands of Spain to any power but the United States. This is manifest destiny. But it is also manifest policy. We commend the prudence of the gentlemen who kept off the record on this question."

This is the position of the *Columbian*, but it is fiercely assailed by the *State Journal*. The fact is evidently a bad job. There is no such thing as harmonizing such jarring and discordant elements.

The telegraphic correspondent of the *Gazette*, supposed to be Senator LAWRENCE, thus notices the damaged condition of the Whig party on the 13th:

"Columbus, July 13-P. M.—The Whig party is not tied up in any thing. It is supposed to be lying about loose." The fragments are in such a disordered and damaged condition, that all efforts to gather them up and bring them to anchor have thus far been unavailing. The pieces are "lying about loose" upon the stormy political waves, without a local habitation, without even a name, not to return and be re-united during the present generation.—*Statesman & Democrat.*

Important to New Settlers.

A bill to grant homesteads to early settlers in New Mexico, Kansas, and Nebraska, has just passed both Houses of Congress, and has been signed by the President. It grants 160 acres of land to persons who resided within the territory prior to the 1st of January, 1833, or who may remove and settle there before the first of January, 1855. We copy a section of the bill:

Sec. 2. And be it further enacted, That, to every white male citizen of the United States, or every white male above the age of 21 years who has declared his intention to become a citizen, and who was residing in said Territory prior to the first of January 1853, and who may be still residing there, shall be, and hereby is, donated one quarter section, or 160 acres of land. And to every white male citizen of the United States, or every white male above the age of twenty-one years, who has declared his intention to become a citizen, and who shall have removed or shall remove to and settle in said Territory before the first of January eighteen hundred and fifty-three, and the first day of January, eighteen hundred and fifty-eight their shall in like manner be donated one quarter section, or one hundred and sixty acres, on condition of actual settlement and cultivation for not less than four years.—Provided, however, That each of said donations shall include the actual settlement and improvement of the donee, and shall be selected by legal subdivisions, within three months after the survey of the land where the settlement was made before the survey; and where the settlement was made after the survey, then within three months after the settlement has been made; and all persons failing to designate the boundaries of their claims within that time, shall forfeit all right to the same.

This bill is an improvement upon the amendment to the homestead bill, proposed by Mr. Hunter, as it does not require a \$500 bond from the settler, and only requires four years residence instead of five. Persons desiring homes in Kansas, or Nebraska, will be glad to learn that by this bill they can secure them without paying any thing for them, by complying with the above conditions.—*U. S. Journal.*

DEMOCRATIC CONVENTIONS.

At a meeting of the Democratic Central Committee of Harrison County, held in Cadiz on Saturday, July 1, 1854, the following resolutions were unanimously adopted: Resolved, That the Democracy of the different townships of Harrison County, are earnestly requested to meet at their usual places of holding township elections, on Saturday, the 19th day of August, 1854, between the hours of one and four o'clock, P. M., for the purpose of appointing three delegates to meet in county convention in Cadiz, on Monday, the 21st day of August, 1854, for the purpose of nominating the following officers to be voted for at the ensuing October election: One Probate Judge, one Clerk of the Court of Common Pleas, one County Auditor, one County Commissioner, one Director of the Infirmary, and a Democratic Central Committee to serve the ensuing year.

Resolved, That at the township meetings the Democracy will also appoint one delegate to meet in convention with Jefferson, Columbus and Carroll counties, for the purpose of placing in nomination a Democratic candidate for Congress in the 21st Congressional District, at such time and place as shall be hereafter agreed upon.

Resolved, That the different delegates be requested to procure certificates of their election, from their township meetings.

BY ORDER.

EROTER SENTINEL, Dear Sir, please announce our Democratic friend N. A. Hanna, a candidate for the Office of County Auditor, subject however to the decision of the convention, and oblige many voters of Adams township.

MR. EDITOR—You will please announce the name of Aaron B. Moore, of Runley township, as a candidate for Auditor, subject however to the decision of the Democratic county convention, and oblige many voters of Adams township.

MR. EDITOR—Please announce the name of JOHN M. GILMAN, Esq., of New Lisbon, as a candidate for Congress, subject to the decision of the Democratic district convention.

We are requested to announce the name of G. B. Jackson, of Cadiz, as a candidate for Auditor before the Democratic convention.

Now is the time to make delay. Stop that Gough, or stop that 25 cents. DR. LOCKER'S Pulmonic Water is unfailing in the cure of coughs, colds, Asthma, Bronchitis, Hoarseness and all diseases of the Lungs, Throat, and Larynx, and is a most valuable remedy in all cases of the kind.
